

Right Brain or Left Brain?

Created by Alice Nelson, Haitian Multi-Service Center,
Dorchester MA

Talk with a partner about the functions of the right brain and the left brain. Write down something about each side of the brain. Use the vocabulary at the bottom of the page to help you.

Left Brain	Right Brain

Imagination, feelings, pictures, math, science, reading, writing, singing, dancing, reality, fantasy, philosophy, religion, organization, language, symbols, create something, learn a language, painting, write a letter, exercise, analyze, study
